Pacific Flyway Shorebird Survey
Central Valley Survey Route Information

Central Valley Road Transect 031

This transect is located to the west of Lodi, CA.

To access the starting location, exit Interstate-5 at the Peltier Road exit. Turn east from exit ramp, stop at the stop sign, and turn right (south) on Peltier Road. Drive south 2.0 miles and turn right (west) onto Woodbridge Road. Drive 5.5 miles and stop at the 10 ft. tall metal road gate on your right. Turn around and set your odometer to zero here. See below for route directions and a description of the pull-offs at each point.

- Begin at the 10 ft. tall metal gate on Woodbridge Road.
- Drive straight (east) on Woodbridge Rd for Points 1-14.
- Go Left (north) on Ray Rd for Points 15-19.
- Go Left (west) on Kile Rd for Point 20.

** *It is critical to the validity of the analyses that the survey occur at the same survey location each year. Please do your very best to insure that this occurs by following the narrative associated with each survey route that details the route and pull-outs*.

Point	Odometer	Road	Survey Location Description*
0	0.0	Woodbridge	***This is a starting location only, continue to next point and begin survey****
1	0.2	Woodbridge	**BEGIN SURVEY;** Pull off on right by dirt track and 2 wooden posts.
2	0.9	Woodbridge	Pull off on right at a dirt pull-off with 2 red fence pillars and a metal cord fence
3	1.4	Woodbridge	Pull off on right at a dirt pull-off with 2 red fence pillars and a metal cord fence
4	1.9	Woodbridge	Pull off on right where a dirt road interests. This is where a black chain-link fence begins on the right side of the road.
5	2.4	Woodbridge	Pull off on the left shoulder just shy of the black/yellow bridge sign. There should be a wheat field to the northeast.
6	2.9	Woodbridge	Pull into the first entrance to the Woodbridge Eco. Reserve on your right.
7	3.3	Woodbridge	Pull off on right where the road meets with a dirt track. There is a "Posted. Private Property" sign here.
8	3.8	Woodbridge	Turn left into 1st entrance to the parking lot for the Woodbridge Eco. Reserve.
9	4.3	Woodbridge	Pull off on right where it joins with a dirt road. There is a "Speed Limit 15" sign here.
10	4.8	Woodbridge	Pull off on left at the large, grassy shoulder. This is just past where the telephone poles cross back to the left side of the road.
11	5.3	Woodbridge	Pull off on left into the large, paved area at the intersection with Van Excel Rd.
12	5.8	Woodbridge	Pull off on left by a yellow gate.
13	6.3	Woodbridge	Pull off on left just after a gray and white curb.
14	6.8	Woodbridge	Pull off on left into a wide, dirt shoulder just shy of Ray Road.
15	7.3	Ray	Pull off on right, just shy of the black mailbox numbered #20362.
16	7.8	Ray	Pull off on right, just shy of an intersecting canal.
17	8.5	Ray	Pull off on right onto the wide dirt shoulder.
18	8.8	Ray	Pull off on right into a big dirt shoulder. This is across the street from a black gated compound just past Peltier Road.
19	9.2	Ray	Pull off on right after you pass some big oaks but just shy of a white house.
20	9.9	Kile	After the sharp corner, pull off on right by a small dirt road just after a white picket fence.

Note: *These pull-outs have been identified for the purposes of completing the survey. We urge you to familiarize yourself with your route and pull-offs prior to completing the survey. Take caution and always use you best judgment when conducting road-side surveys.*
